

Salon Booking System Plugin

Introduction: This plugin is for salon booking system. The main features are services management, employee management, booking Management, and Calendar. It is integrated with Google Calendar API.

Temporary Sample Code: <https://github.com/aliceding66/calendarbooking>

Sample Images:

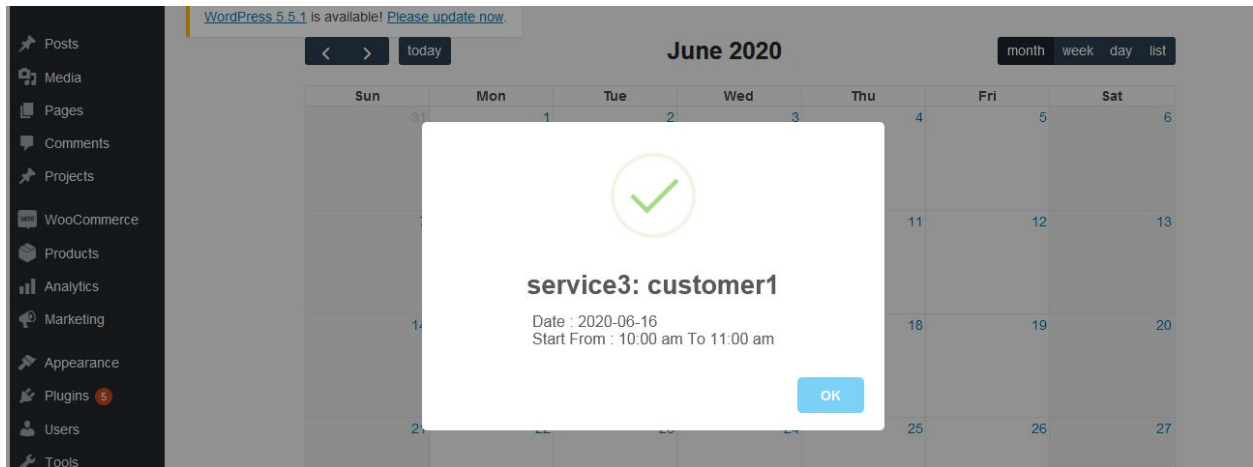

The image displays the 'Edit Booking' interface of the Salon Booking System Plugin. The form includes several sections:

- Edit Booking** header with an **Add New** button.
- Select Service Category** dropdown menu with 'haircut' selected.
- Select Service** dropdown menu.
- A calendar widget showing the month of September 2020, with the date '18' highlighted.
- Time** dropdown menu with '10:00am' selected.
- Customer** dropdown menu with 'customer1' selected.

Below the form, a sidebar menu is visible with the following items:

- Salon Booking Pro
- Employees
- Add Employee
- Services
- Service Categories
- Bookings
- Calendar**
- Settings

The main content area below the sidebar shows a calendar grid with dates 27, 28, 29, 4, 5, and 6.

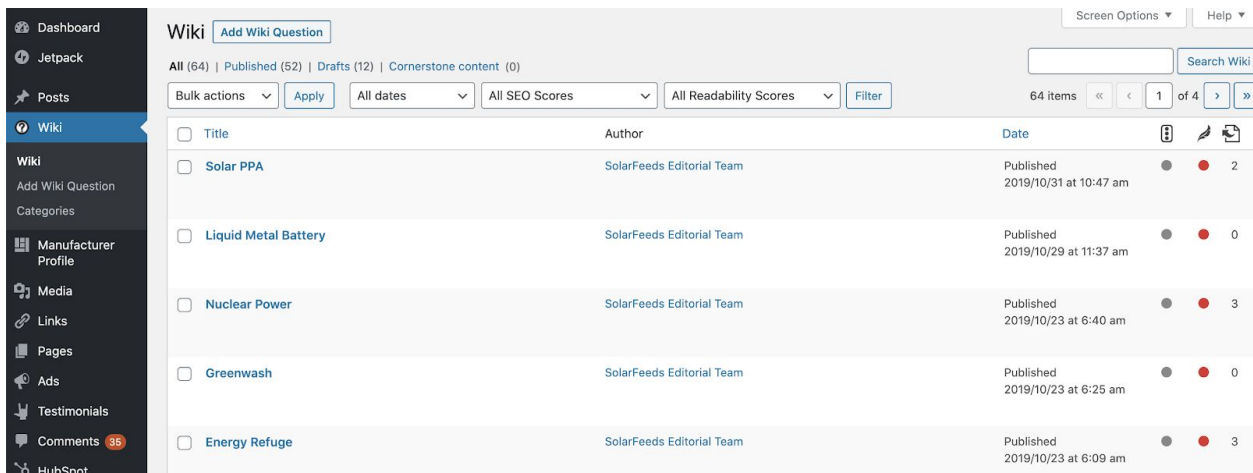

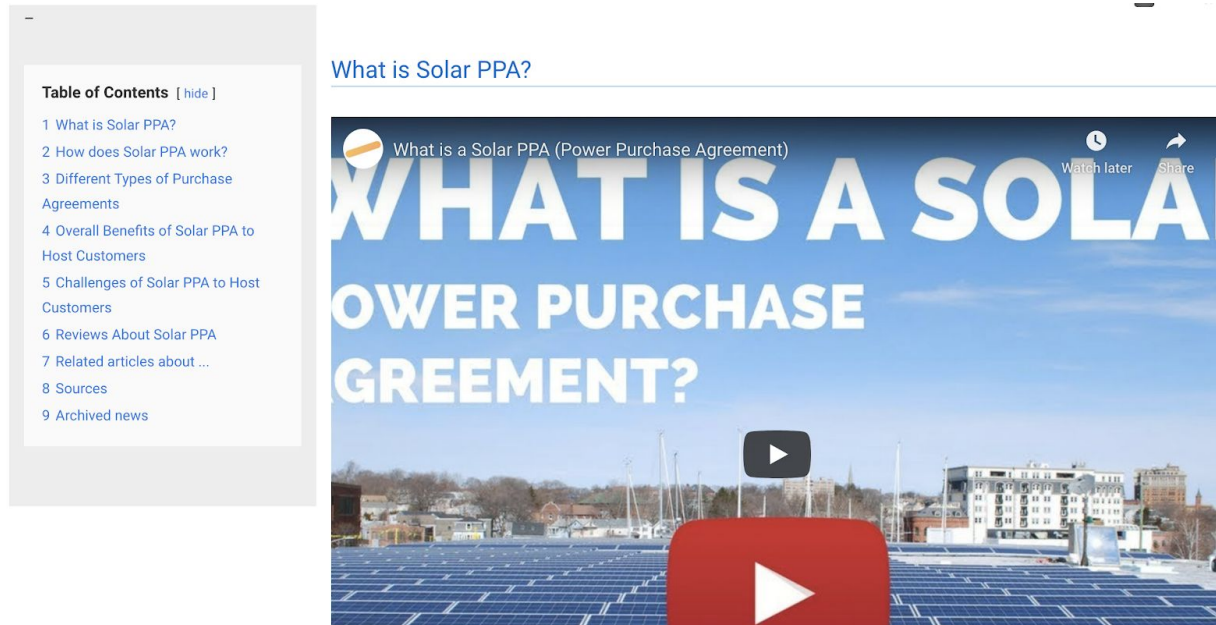

Wiki Plugin

Introduction: Wiki is a complete Wiki Management plugin for WordPress. It provides a Wiki custom post type With category taxonomy which can be used to effortlessly add Wiki sections to your website. It's easy to install the plugin and adding new questions and categories. After adding questions you can show the wiki items in your "Post", "Page", or in "Widget" of your website using shortcode.

Sample Code: <https://github.com/aliceding66/wiki>

WeChat Plugin

Introduction: This supports using WeChat and other Chinese social media to login in Wordpress websites. It integrates with WeChat related API.

<https://github.com/aliceding66/wechatconnection>

Sample Images:

The screenshot shows the 'Wechat Social' settings page in a WordPress dashboard. The left sidebar contains a menu with items like 'Fusion Slider', 'Posts', 'Media', 'Forms', 'Pages', 'Comments', 'Popup Maker', 'Portfolio', 'FAQs', 'Contact', 'Wechat Social' (highlighted), 'Settings', 'Add-Ons', 'Appearance', 'Plugins', 'Users', 'Tools', and 'All-in-One WP Migration'. The main content area has three tabs: 'Social Channel', 'Account Settings', and 'Other'. The 'Social Channel' tab is active, showing options for 'Wechat', 'QQ', and 'Weibo'. Under the 'Wechat' section, there is a note in Chinese and an 'Enable/Disable' section with a checkbox for 'Enable wechat login'. Below this, there are two sections: 'WeChat public platform' and 'WeChat open platform'. Each section has a login instruction and a 'View details' link. Both sections have input fields for 'AppID' and 'AppSecret'. A 'Save Changes' button is at the bottom.
